Attached is a very limited set of edits to the work and property sections of the AOC. These are still a work in progress, but I want you to see them as we work through them. No one else on my team has commented on these yet.

We had a call with the City Thursday to discuss the City edits on the previous draft. The US will be meeting internally on Monday to discuss those comments. I anticipate significant further edits sometime after that call. However, I think we can proceed with working on these Work and Property edits in the meantime.

Let me know if you have comments/concerns.

Thx, Chuck
